Work Experience

BREEZE BRANDING | Full Stack Web Developer, Graphic Designer, Marketer, Owner
January 2023 - Present

- Lead the conceptualization and creation of the company's visual identity, including the logo and establishing brand guidelines to ensure consistency across all channels.
- Improved client's website performance by 28% on average, reducing loading times by up to 2.0 seconds through the implementation of performance optimization.
- Enhanced client's website engagement time by up to 80% through the strategic integration of UI/UX design principles and A/B testing Methods.

TENNESSEE TECHNOLOGICAL UNIVERSITY | Contractor Web Developer
December 26, 2022 - April 03, 2023

- Collaborated with multiple clients through university projects, focusing on communication to grasp their unique requirements, objectives, and preferences.
- Created reusable components for tracking user progress and triggering specific actions based on predefined events, optimizing user interactions.
- Developed PHP script to dynamically adjust webpage elements, ensuring targeted content delivery and personalized user experiences.

TENNESSEE TECHNOLOGICAL UNIVERSITY | Part-Time Web Developer
June 7 - December 26, 2022

- Developed an automated and scalable program to generate customized certificates upon successful completion of quizzes.
- Spearheaded the design of a dynamic and customizable video player, boosting engagement by providing users with personalized viewing experiences.
- Optimized content presentation & navigation on University website by designing a versatile dynamic card component.
